1 PURPOSE

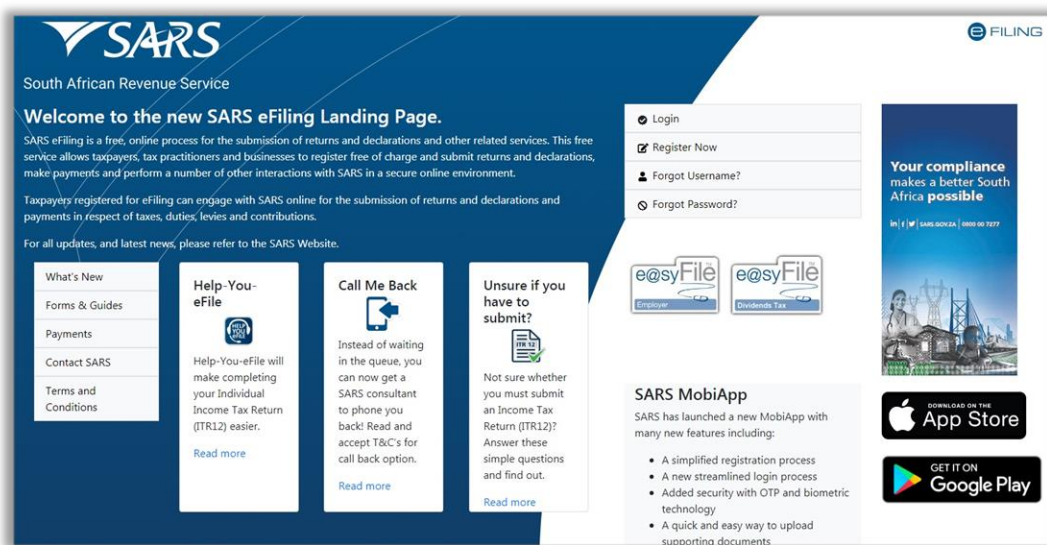

- This guide is designed to assist taxpayers on how to utilise the tax compliance status functionality on eFiling to obtain a security PIN. In addition the guide explains the functionality available to the third party to verify the tax compliance status of a taxpayer from whom it received the PIN.
- This guide in its design, development, implementation and review phases is guided and underpinned by the SARS Strategic Plan 2020/21 - 2024/25 and the applicable legislation. Should any aspect of this guide be in conflict with the applicable legislation the legislation will take precedence.

2 INTRODUCTION

- The South African Revenue Service (SARS) is using modernisation as a strategic initiative to ensure that technology is used effectively and efficiently. As part of enhancing the quality of our taxpayer experience, the Tax Clearance Certificate (TCC) application process have been modernised over a period of time.
- The aim of this project was to align the taxpayer compliance status process to the SARS modernisation vision through transforming the previous tax clearance process from a predominantly manual process to a taxpayer driven, self-help, and electronic process.
- Previously all channels for taxpayers led into a SARS branch to obtain printed TCCs for good standing, tenders, emigration and foreign investment allowance. This places a strain on branch resources and does not effectively and efficiently utilise the resources due to mundane, repetitive work. One of the focus areas of this project was to reduce the number of visitors to a SARS branch with regards to Tax Compliance Status applications and empower taxpayers to help themselves by means of an electronic service.
- The Modernised Tax Compliance Status process has been implemented in the following three phases:
 - Phase 1 – Pilot implementation – only selected taxpayers had been invited to gain access to the Tax Compliance Status (TCS) and the TCS Verification functionality;
 - Phase 2 – My Compliance Profile (MCP) – ALL taxpayers gained access to the functionality up to and including the MCP. The MCP affords taxpayers the opportunity to view their tax compliance status as determined by SARS in order to remedy any non-compliance identified.
 - Phase 3 – Full TCS Solution – All taxpayers will gain access to all the TCS functionalities and the old TCC system will be discontinued.
- For Phase 1, selected taxpayers had the ability to utilise the new Tax Compliance Status functionality in respect of Tenders, Good Standing, Foreign Investment Allowance and/or Emigration.
- As of 18 April 2016, the full TCS enhancements have been available and included the following:
 - My Compliance Profile (MCP), whereby taxpayers can view and manage their compliance status for the tax types registered

- The ability for taxpayers to submit a request to SARS to either fix their account or make a payment arrangement
- Challenge the compliance status reflected on the MCP
- Request a Tax Compliance Status in respect of Tender, Good Standing, Foreign Investment allowance and Emigration purposes
- Receive and manage a PIN that can be shared with third parties to enable third parties to verify/ confirm the tax compliance status of the taxpayer to whom the PIN belongs
- Track all requests via the Tax Compliance Status dashboard
- The ability to verify/ confirm the tax compliance status of the taxpayer by utilising the access PIN details received.
- The ability to submit supporting documents to SARS, if required, to support the request for TCS.

3 EFILING HOME PAGE

- Go to www.sarsefiling.co.za. Click on “**LOGIN**” if you are a registered eFiler (Individual/Organisation). If you are not registered for eFiling, click on “**Register Now**” and follow the quick steps to register for eFiling.
- For further assistance with eFiling registration or portfolio management, refer to the “**How to register, manage users and change user password on eFiling**” available on the SARS website www.sars.gov.za.

4 ACTIVATE TAX COMPLIANCE STATUS RIGHTS

- eFiling administrators for tax practitioner and organisation portfolios must ensure that the correct rights are allocated to users for tax compliance status access in order for the functionality to be available.
- Ensure that the correct taxpayer is selected from the “Taxpayer list”.
- Click “**Organisation**”, “**Rights Group**” and then “**Manage Groups**”.

- The “**Group Details**” page will be displayed, click the “**Open**” hyperlink.

5 ACTIVATION OF TAX COMPLIANCE STATUS SYSTEM

5.1 TAX COMPLIANCE STATUS ACTIVATION

- Activation of the Tax Compliance status enables the eFiler to view the My Compliance Dashboard. The MCP displays all tax types that the taxpayer is registered for; irrespective if the tax types are active on eFiling. Note – it is critical that taxpayers with

multiple tax types complete the “Merge Entities” function to ensure a complete compliance profile that is reflective of all the taxes that the taxpayer is registered for at SARS.

- For tax practitioner and organisation portfolios, ensure that the correct taxpayer is selected from the taxpayer list before proceeding with the Tax Status functionality.

- The steps to activate the tax compliance status are the same for Individual, Organisation and Tax Practitioner eFiling portfolios.

- Select “**Tax Status**” tab from the main menu items at the top of the eFiling page.

- Alternatively by selecting “**My Compliance Status**” icon on the eFiling Dashboard landing page you will be able to access the TCS function.

- A “**Tax Compliance Status**” introductory message will be displayed with hyperlinks to the TCS application and verification functionalities.

- Select “**Activation**” to activate the tax compliance status system.

- The “**Tax Compliance Status Service Activation**” work page will be displayed and the tax reference number will be pre-populated on the screen.

6 ENTITY REGISTRATION NUMBER CONFIRMATION PROCESS

- SARS requires the entity to ensure that all its registered tax types are included in the tax compliance profile. If this is not done, the process to request a tax compliance status and receive a PIN may be delayed.
- It is therefore imperative that entities that are registered and active for more than one tax type ensure they have performed the “Merge Entities” process on eFiling or at a SARS branch which will afford the entity the opportunity to “link/merge” all the registered taxes of the entity under the one single legal entity.
- Taxpayers who have not completed the “Merge” process or fail to do so when accessing the TCS functionality must declare that the numbers pre-populated on the ERC01 form is that of the taxpayer or entity displayed on the form. This process will repeat until such time as the entity has completed the “Merge” process.
- The activation of the “My Compliance Profile” is a once off process for merged entities. Ensure that you do merge all your registered reference numbers.
- When the eFiler selects **“My Compliance Profile”** from the menu, a service message will be displayed to indicate that SARS needs to confirm the tax reference number.
- Depending on your registered portfolio, you will receive one of two messages. Follow the instructions on the message being displayed to you. If you have already merged your reference numbers, you will not receive the messages.

- If you select the **"Update Profile"** button, you will be directed to the **"Merge Entities"** functionality under the SARS Registered Details menu as indicated below. For more detailed information on the Entity Merge functionality, refer to the following external guide on the SARS website: **A Step by Step guide to the Entity Merge Functionality on eFiling - External Guide**.

My Profile	<h2>Merge Entities</h2> <h3>Purpose of this functionality</h3> <p>In an attempt to provide you with a full and consolidated view of an Entity's profile, SARS requires your assistance to ensure that all the relevant tax and customs registrations are linked correctly.</p> <p>In the context of the Single Registration solution, SARS uses the term 'entity' to refer to as a person, a Company, or a Trust that has been registered at a registration authority such as the Department of Home Affairs (Individuals), CIPC (Companies) or the Master of High Court (Trusts), or any another type of enterprise (e.g. political party, partnership, etc.) that is not registered with a registration authority, but exists or operates as a unique concern. Unique entities are most reliably identified by their unique ID or registration number, although entities without registration numbers may be identified by a combination of their name and other criteria such as registered address or contact details.</p> <p>SARS uses the term 'merge' to describe the process of combining duplicated registration records into a single entity with all the associated tax and customs registrations linked to the single entity. The fundamental principle is that duplicated records of the same entity should be merged, which also implies that different types of entities, and entities with different registration numbers that are not the same entity, should not be merged. In exceptional circumstances where registration numbers of the same entity were captured differently (incorrectly) in the different CTS systems, these instances would require merging of records with different registration numbers because they are actually the same entity.</p> <p>The merge functionality will therefore allow you to view, verify or add all the tax and customs registrations that exist in relation to an entity's portfolio at SARS so that you are thereafter presented with a single view of the entity either via eFiling or within a SARS Branch Office.</p> <p>Note: Entities that are incorporated separately e.g. companies with different registration numbers, cannot be merged, and Tax and customs registrations that belong to different entities cannot be linked to the same entity.</p> <p>Valid Merge Scenarios:</p> <ul style="list-style-type: none"> • Same ID/registration number and name • No registration number exists for the entity, but name, address and contact details are similar • Registration numbers are different, but could be ascribed to capture errors or company conversions at CIPC

The 'My Compliance Profile' indicates your administrative compliance status for the taxes indicated, on the day the information is generated. It's important to note that your tax compliance status is not static and may change as your level of compliance changes. (For example – your compliance profile might indicate that you are compliant in respect of "Income Tax" today, but if you do not file a future return on time and it becomes outstanding, your compliance status in respect of "Income Tax" will change to being "non-compliant"). It's your responsibility to monitor and ensure you maintain a compliant status. Returns submitted or payments made may take up to 48 hours to reflect on the My Compliance Profile

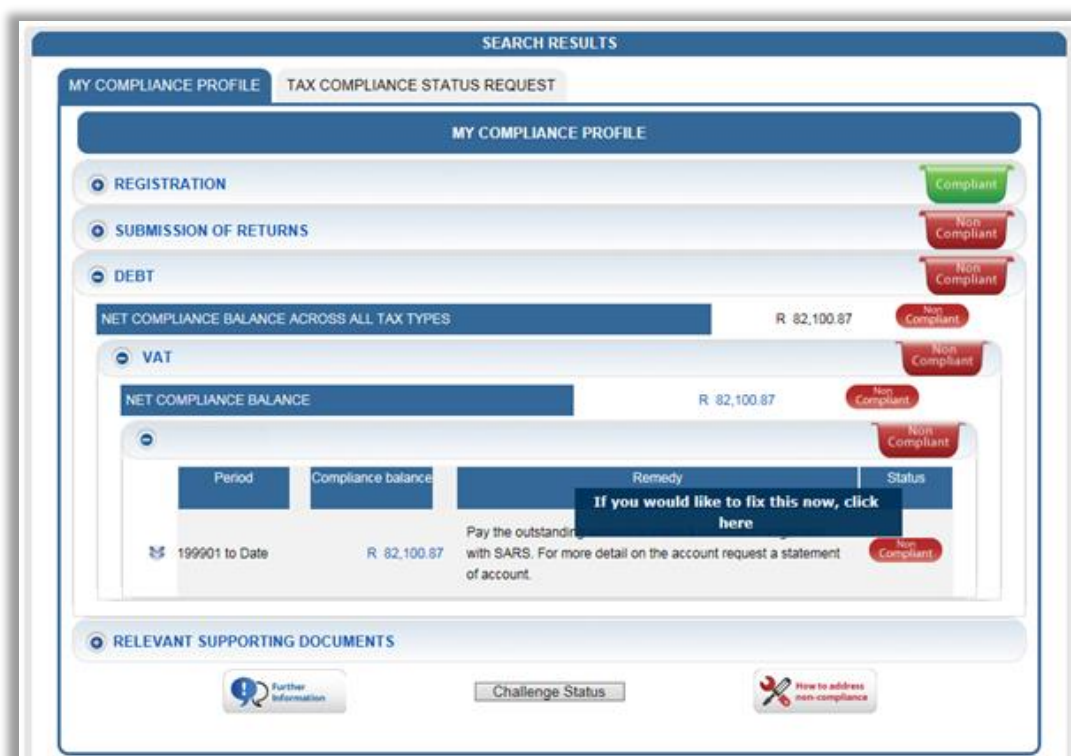

8 HOW TO REMEDY NON-COMPLIANCE

- In order to assist taxpayers with managing their compliance, the My Compliance Profile functionality will provide methods to assist with rectifying your compliance status with SARS, where applicable.
- For the initial phase, only limited options will be available and it is SARS intention to add additional remedies in the future as online functionalities becomes available.

- Taxpayers can utilise any of the existing channels and processes outside of the TCS functionality to rectify its non-compliance.
- Click **"My Compliance Profile"** to access your MCP.

- Hover over the non-compliant indicator and message will be displayed informing the taxpayer what to do next in order to address the specific non-compliance.

- A list of SARS recommendations will be available to remedy the non-compliance. Select the applicable recommendation and click the **"Continue"** button.

- For **Registrations**, the following options will be listed:
 - Update registered particulars
 - When “**Update registered particulars**” is selected and “**Continue**”, the following message will be displayed to the eFiler:
 - At this stage no functionality exists on eFiling to update your registration status. Visit your nearest SARS branch to update your details.

- **Tip:** You can save payments to pay at a later date. You can also save payments in order to pay multiple payments at once.
- The additional payment mechanism does not entitle the user to benefit from the VAT extension date provided by SARS to all eFilers. The incentive is only for payments of VAT returns via eFiling and as result the deadline of the 25th of the month (or last business day prior) is applicable as the due date. Any payment made after this date will be liable for penalties and interest.
- **Customs and Air Passenger Tax payments:** need to be paid with a credit push banking facility as mentioned above.

- If there is a work page for the case number, the work page will be displayed and you will be able to submit supporting documents via eFiling to SARS.

9 CHALLENGE STATUS

- “Challenge Status”, enables taxpayers who are non-compliant to request SARS to rectify their status. This can be done when you do not agree with the status displayed on the MCP and cannot remedy the non-compliance yourself, and need SARS to assist with resolution and/ or re-evaluation of your status. This will trigger a case to the applicable division to review the taxpayer’s status.
- The “**Challenge Status**” button will only be active if there is non-compliance against your compliance profile. If you click on the “**Challenge Status**” button, the following message will be displayed.

- If you select “**Challenge Status**” and you have a request that is in progress, you will receive the above message that indicates that you will not be able to submit a challenge status request until the existing request is finalised.
- In the event that SARS is in agreement with your request, a limited time ‘override’ may be applied to your compliance profile. A message will be displayed on your profile indicating that an override has been applied and that the override will impact all existing TCS requests as well as future requests as long as the taxpayer remains compliant.
- Select “**Submit**” to continue.

11 TAX COMPLIANCE STATUS REQUEST

- The “**Tax Compliance Status Request**” dashboard contains the request functionality to request an overall Tax Compliance Status in respect of Tender, Good Standing, Foreign Investment Allowance and/or Emigration in order to obtain a PIN with which to share your status to a 3rd Party.
- The following tax compliance status types may be applied for:
 - **Tender:** This compliance status is issued to support an application for a tender or bid that has been advertised.
 - **Good Standing:** This compliance status is issued when a taxpayer want to confirm that his/her tax affairs are in order with SARS.
 - **Foreign Investment Allowance:** This compliance status is issued when a taxpayer will be investing funds outside of South Africa. Foreign Investment Allowance applications are only available to individuals older than 18 years of age.
 - **Emigration:** This compliance status is required when a taxpayer will be permanently leaving South Africa to reside in another country and can only be selected if the eFiler is registered for Income Tax and an individual.
- An eFiler must ensure that the type of TCS request is correct.
- An eFiler will be able to submit multiple requests for each type.
- You must submit supporting documents for TCS requests in respect of Foreign Investment Allowance and Emigration. Refer to section 11 below for the procedure on how to submit supporting documents.

- The user can either select the “**Tax Compliance Status Request**” tab on the “**Tax Compliance Status**” work page or from the “**Tax Compliance Status**” menu.

- The tax compliance status page will be displayed.

- Select the “**Type**” drop-down arrow and the list of TCS request types will be displayed. Individual will have the Tender, Good Standing, Foreign Investment Allowance and Emigration options to select; Organisations will only have Tender and Good Standing options to select.

- Select the TCS request type and when the “Request” button is selected, the Tax Compliance Status Request (TCR01) form will be displayed to complete. All mandatory fields will be highlighted in Red. The following containers will be displayed in the TCR01 form.
- **Taxpayer Details** – this container will always be displayed for all TCS types and pre-populated with the following information, where applicable.
 - Request Reference No (this is a unique number for each request submitted)
 - Surname/Registered Name
 - Trading Name – where multiple trading names have been registered for the taxpayer, you will be able to select the applicable one for the specific request. The trading name selected will be visible to the 3rd party when the tax status is verified.
 - Tax Reference numbers – these fields will be pre-populated and locked except where the taxpayer has more than one number, e.g. where VAT and/or PAYE branches exist. You will be able to select the applicable number pertaining to the specific request and these numbers will be visible to the 3rd party when the tax status is verified by it.

Dear Taxpayer

TAX COMPLIANCE STATUS PIN ISSUED

The South African Revenue Service (SARS) has issued your tax compliance status (TCS) PIN as indicated below..

TCS Details:	
Taxpayer Name	
Trading Name	
Tax Reference Number(s)	
Purpose of Request	Tender
Request Reference Number	0016260505TS1705170002438
PIN	CAFCF87139
PIN Expiry Date	17/05/2018

You may authorise a third party to view your TCS by providing them the PIN. The PIN only allows the third party access to your TCS. All other tax information remains secure.

Your TCS displayed is based on your compliance as at the date and time the PIN is used.

You may cancel this PIN at any time before the expiry date reflected above. Once cancelled, a third party will not be able to verify your TCS.

SARS reserves the right to cancel this PIN in the event that it was fraudulently issued or obtained.

Should you have any other queries please call the SARS Contact Centre on 0800 00 SARS (7277). Remember to have your taxpayer reference number at hand when you call to enable us to assist you promptly.

Sincerely
ISSUED ON BEHALF OF THE SOUTH AFRICAN REVENUE SERVICE
